

Getting Started

Welcome to GroupDocs! We make document management and sharing easy by letting you store, convert, share, sign, assemble, annotate and compare documents from one handy location. Here's what to do to get started.

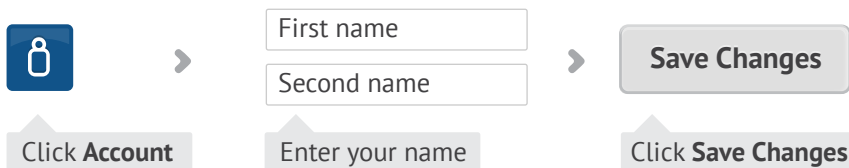

Personalize your profile

Upload a document

Convert a document

Share a document

1 Add a name to your account

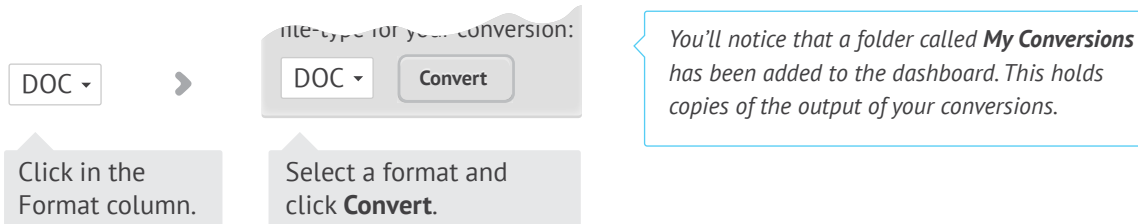

The interface shows a profile icon on the left with a 'Click Account' callout. To its right are two input fields: 'First name' and 'Second name', with a 'Click Save Changes' callout below the second field. A 'Save Changes' button is on the far right.

2 Upload a document

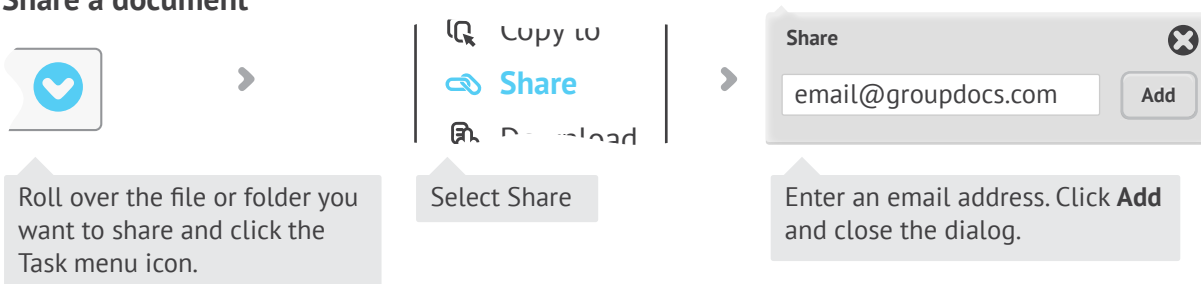

The interface shows a 'Dashboard' button on the left with an 'Open Dashboard' callout. To its right is a dashed box labeled 'DROP FILES HERE' with a callout: 'Drop a file in the DROP FILES HERE area.'

3 Convert a document

The interface shows a 'DOC' dropdown menu on the left with a 'Click in the Format column.' callout. To its right is a 'Convert' button with a 'Select a format and click Convert.' callout. A text box on the right states: 'You'll notice that a folder called **My Conversions** has been added to the dashboard. This holds copies of the output of your conversions.'

4 Share a document

The interface shows a task menu icon on the left with a callout: 'Roll over the file or folder you want to share and click the Task menu icon.' To its right is a 'Share' dialog box with a callout: 'Select Share'. The dialog box contains an email input field with 'email@groupdocs.com' and an 'Add' button, with a callout: 'Enter an email address. Click Add and close the dialog.'

Congratulations! You have set up your account and started using GroupDocs. Now upload and share other documents, or move on to using the Signature or Assembly apps.
